

CHRISTIAN FLORA

3D ANIMATOR

chr.flora101@gmail.com | 0977 043 3265 | Cam Sur, Philippines | Open to full-time roles, willing to relocate

PROFILE

3D character animator with two years at Puppeteer Studios animating for cinematic trailer work. I started out in character modeling before moving into animation, so I still think like a modeler: a character only moves well if it was built well. My focus is weight, timing and body mechanics, taking shots from blocking all the way to polish. I do my best work on teams that review dailies out loud.

EXPERIENCE

Puppeteer Studios, 3D Animator

2024 – 2025 · Full-time

OMM Citra Building, San Miguel Avenue, Manila

- Animated characters for cinematic trailers, taking shots from blocking to final polish.
- Reviewed shots with directors in dailies and revised shot by shot.
- Animated scenes and shots for the cinematic trailer of Kwek Kwek, an original studio IP, working from blocking through polish alongside the animation team.
- Joined the game animation team for in-game character animation, building idle cycles and various loops made to read cleanly on repeat.

Freelance, Character Modeler

2024 · Freelance

Remote, Camarines Sur · Client based in Cebu

- Modeled 3D characters for virtual reality projects, taking assets from sculpt through retopo and look-dev in Maya.
- Painted texture sets in Substance 3D Painter and handed over files ready for production.

Puppeteer Studios, Character Modeling Intern (OJT)

2023 – 2024 · Internship

OMM Citra Building, San Miguel Avenue, Manila

- Built and textured character assets alongside the modeling team.
- Took assets from sculpt through retopo and look-dev, with turntable renders for review.

SKILLS

Animation: Realistic character animation · Character performance · Body mechanics · Weight and timing · Blocking to polish · Game animation

Modeling: Sculpting · Retopology · Texturing

Tools: Maya · Blender · Substance 3D Painter · Marmoset Toolbag
